VISION

To Contribute the society through excellence in scientific and technical education to serve as a valuable resource for the entire society and remain resource of pride for all Indians. To focus on the positive change of a student.

MISSION

The Centurion Public School is committed to excellence in the field of education. It aims to provide holistic and integrated learning opportunities to the students which would help them embrace the changing dynamics of society & at the time preserve the value of our country by.....

PRESIDENT

Dr. Mukti Kanta Mishra

Centurion University

ABOUT US

Dr. Mishra in his endeavor to explore entrepreneurial capability, as a Director of Consulting Firm Glong with three professors had taken over the management of one Engineering College in 2005. The engineering college (Jagannath Institute for Technology & Management (JITM), Pralakhemundi) located in a remote rural area of the poorest district of Orissa. is All India Council for Technical Education (AICTE) approved. At that time, it had seven academic departments and 420 seats, and was faced with reduced intake, poor academic performance and placement problem. Dr. Mishra has taken it as a mission of life and real time personal social responsibility to turn around this college and place it at a national level through qualitative improvement in its curricular, co-curricular and extra-curricular activities.

Dr. Mishra's career started in the corporate sector, where he has worked for over 18 years in various positions. The most noteworthy of them being in the Marketing Department at Hindustan Petroleum Corporation Ltd. India (a Fortune 500 MNC), The Industrial Development Corporation of Orissa Limited, India and at Kinhill Engineers Pvt. Ltd., Melbourne, Australia. The responsibilities included branding, strategy, pricing, quality control, CSR issues and finally Industrial Relation Problems. This provided an analytical framework and expertise to comprehend the existing problem and issues and anticipate the future threats.

VICE-PRESIDENT

Prof. (Dr.) D. Narasimha Rao

Centurion University

Dr. D. Narasimha Rao has come to Orissa in the year 1989 from IIM Kolkotta campus to work in the drought-prone district of Kalahandi. As a student he visited the district to understand the dynamics of drought. Kalahandi hit the national headlines during that time due to the child-selling episodes by the drought-stricken. He has joined there as a young professional, a scheme started by the Rajiv Gandhi government to attract young professionals to work in the development sector. Since then, he has worked in length and breadth of Orissa with the government, NGOs like Gram Vikas and institutions like XIM Bhubaneswar. He has left XIMB in 2005, to co-found the Centurion Group of Institutes, which have their base in the Naxal-infested South Orissa region.

Prof. Narasimha Rao has worked across the core sector in areas of rural development and upliftment. He has been a social advisor on "Project Water" funded by the Indo-Canadian Water Facility. He has also been the social advisor for the study on establishing a baseline for the measurement of socio-economic impact of the power sector reforms in Orissa.

He has been the Project Leader for the project on Mapping Food Insecurity Areas and Identifying Families at Risk of Starvation. (The project was funded by Hunger Foundation and the client was OSDMA, Government of Orissa).

ABOUT US

DIRECTOR

Dr. Rajesh Kumar Padhi serves as the Regional Director of Centurion University of Technology and Management (CUTM) at its Rayagada campus. He holds the position of Chairperson in various committees, including the Anti-Ragging and Grievance Redressal Committees, demonstrating his active involvement in administrative and student welfare initiatives. As a leader, he is recognized for his contribution to strengthening the educational environment and infrastructure at the university.

In addition to his academic leadership,

Dr. Padhi is regarded as a driving force in fostering innovation and community engagement at CUTM, actively participating in institutional events and collaborations that promote education and skill development.

NEET

JEE MAIN

Academic Curriculum

Centurion Public School follows the curriculum laid down by the Central Board of Secondary Education, New Delhi. The course of studies is in its scope and ambit and includes subjects like English, Hindi, mathematics . History, Geography, Sciences, Arts and commerce

Student at the senior secondary level are offered a variety of subjects to choose from, giving the students the widest possible opportunity to specialize in their chosen areas of interest.

Academic excellence remains a key area of focus for the school. The school provides all its students unrivalled opportunities to realize their full academic potential.

Class Room Interaction

Teachers are chosen not only for their own intellectual skills but also for their ability and enthusiasm in communicating them to boys and girls of all ages. The teachers are well supported by several technicians and other ancillaries and administrative staffs. Teachers are encouraged to be flexible and individual in their approach.

The commitment of the school to excellence in academics is reflected in the consistently outstanding performance of its students in the annual examinations conducted by the CBSE. The school students have consistently achieved 100% results in the Board exams conducted by the CBSE.

Digital Class

We all know helpful it is to remember something that is taught visually to us rather than the one that is read through pages after pages, just imagine, how beneficial would it be for students to understand a chapter visually in class. The concept of smart class educations is indeed a blessing to the students of the 21st century. Technology is changing the way life function and if it's for the good, then why not go for it!!

Smart classes use all interactive modules like videos and presentations and these visually attractive methods of teaching becomes appealing to students who are already struggling with the traditional method of teaching in a classroom. One of the main reasons behind the constant increase in popularity of smart classes is the fact that this kind of education is perfect for all kinds of students. A classroom has student with varied power of understanding and learning, and studying from notes and other materials become difficult for some students.

But the use of smart classes modern technology eases the learning process for all students. Moreover, this kind of education in class promotes more interaction between teacher and student with more participation process.

Audio & Visual Classes

Science Laboratory

Physics Experiment

It is imperative for school to have the latest and high quality science lab supplies these days, Science is different from any other subject. In order to understand its concepts, one has to look beyond the books and conventional classroom teaching and learning of science involves seeing, handling, and manipulating real objects and is ineffective unless they actually observe the process and understand the relationship between action and reaction, the school is having well designed separate labs for Physics, Biology and Chemistry. They get a first-hand learning experience by performing various experiments on their own. Students are made to use the models and understand different scientific theories and concepts.

Hostel Facility...

Games & Sports

We aspire for excellence in everything... including sports. We have a variety of sports activities so that students from all age groups can enjoy, unwind and keep fit. We have outstanding coaches who train the students how to beat the opposition with skill and good sportsmanship. Inter-House and Inter-School matches are a common feature in our school calendar and routine. Many of our students and teams excel in sports at the state and at the National level.
